

Overview - Navigation

The Schaeffler Store is an up to date internet application which enables our sales partners to accomplish the complete purchasing process from the first product search up to controlling the order status.

Navigation in the system is intended to have an intuitive handling of all steps. If additional information is required it is provided directly on the screen, or additionally short manuals with screenshots can be used in the **Support** section

In the menu bar on top right the **Support** with different function tabs can be accessed. Personal data and default settings can be administrated in **Profil & Defaults**, **Login** and **Logout** will be done there, too.

The screenshot shows the Schaeffler online catalog interface. At the top, there is a navigation bar with the Schaeffler logo and the text 'SCHAEFFLER'. Below this, a green header bar contains 'Location: Account Number' and 'Catalogs: Schaeffler Online Katalog'. The main content area is divided into several sections:

- Order Type:** A dropdown menu set to 'Weekly Order'.
- Search:** A section with a 'Part Number' search field and a 'Go' button. Below it, there are radio buttons for 'Exact Match', 'Contains', and 'Starts with', with 'Starts with' selected. A 'Part Number' input field is also present.
- Store Navigation:** A vertical list of links: 'Order Entry', 'Pricing & Availability', 'Order Status', 'Repeat Orders', and 'Quotes'.
- medias®:** A small advertisement for 'The product selection and information system'.
- SCHAEFFLER TEST COMPANY:** A welcome message: 'Welcome at the Schaeffler Store'. Below it, a list of bullet points: 'We appreciate to welcome you on the new purchasing platform for Schaeffler Technologies' and 'From product search in the online catalogue up to checking the order status you will find all functionalities for you purchasing.'.
- Contact Us:** A list of contact persons: 'Christoph Popp Customer Inquiry', 'Florian Wittmann Customer Inquiry', 'Gerhard Latka Customer Inquiry', and 'Holger Bausenwein Customer Inquiry'.
- How To Use This Site:** A list of bullet points: 'Site tutorials are only a click away to help you navigate the site'.
- Wachsamkeit bringt Sicherheit!** A section with an image of a hand holding a device and text: 'FAG SmartCheck – Das ist intelligente Maschinenüberwachung in einer neuen Dimension: kompakt, einfach zu bedienen und unschlagbar im Preis-Leistungs-Verhältnis.'.
- Generation C:** A section with an image of a bearing and text: 'FAG Rillenkugellager der Generation C: Leiser, sparsamer und zuverlässiger'.
- Kundeninformation:** A section with the text 'Kundeninformation 81'.

On the bottom of the screen the preferred language can be selected.

On the left side a product search can directly be started in the search fields. Below there is a navigation bar to access the different sections of the application. For all sections an additional manual is available in the **Support** section.

Current product topics, news and general information will always be provided in the info section in the center of the starting screen.
