

Overview - Navigation

The Schaeffler Store is an up to date internet application which enables our sales partners to accomplish the complete purchasing process from the first product search up to controlling the order status.

Navigation in the system is intended to have an intuitive handling of all steps. If additional information is required it is provided directly on the screen, or additionally short manuals with screenshots can be used in the **Support** section

In the menu bar on top right the **Support** with different function tabs can be accessed. Personal data and default settings can be administrated in **Profil & Defaults**, **Login** and **Logout** will be done there, too.

The screenshot shows the Schaeffler Store website interface. At the top, there is a navigation bar with the Schaeffler logo (INA FAG) on the left and the word 'SCHAEFFLER' on the right. Below the navigation bar, there is a header section with 'Location: Account Number' and 'Catalogs: Schaeffler Online Katalog'. The main content area is divided into several sections: 'Order Type' (Weekly Order), 'Search' (Part Number, Exact Match, Contains, Starts with), 'Store Navigation' (Order Entry, Pricing & Availability, Order Status, Repeat Orders, Quotes), 'SCHAEFFLER TEST COMPANY Welcome at the Schaeffler Store' (We appreciate to welcome you on the new purchasing platform for Schaeffler Technologies, From product search in the online catalogue up to checking the order status you will find all functionalities for you purchasing.), 'Contact Us' (Christoph Popp Customer Inquiry, Florian Wittmann Customer Inquiry, Gerhard Latka Customer Inquiry, Holger Bausenwein Customer Inquiry), 'How To Use This Site' (Site tutorials are only a click away to help you navigate the site), 'Wachsamkeit bringt Sicherheit!' (FAG SmartCheck - Das ist intelligente Maschinenüberwachung in einer neuen Dimension: kompakt, einfach zu bedienen und unschlagbar im Preis-Leistungs-Verhältnis.), 'Generation C' (FAG Rillenkugellager der Generation C: Leiser, sparsamer und zuverlässiger), and 'Kundeninformation' (Kundeninformation 81). At the bottom left, there is a 'medias' logo and the text 'The product selection and information system'.

On the bottom of the screen the preferred language can be selected.

On the left side a product search can directly be started in the search fields. Below there is a navigation bar to access the different sections of the application. For all sections an additional manual is available in the **Support** section.

Current product topics, news and general information will always be provided in the info section in the center of the starting screen.
